

The background of the cover is a photograph of a beach event. In the foreground, a large group of people, many wearing white t-shirts, are gathered on the sand. Behind them are several yellow pop-up tents with the AccessSurf logo and website (accesssurf.org) printed on them. To the left, there is a blue tent with 'VETCENTER' and 'COMMUNITY' written on it. The background is filled with lush green trees under a cloudy sky. The text 'AccessSurf' is overlaid in large white letters at the top, '2022' is in the middle, and 'ANNUAL REPORT' is at the bottom in large white letters.

OUR MISSION

AccessSurf builds an inclusive community that empowers people with disabilities through accessible beach and water programs.

TESTIMONIALS

I think AccessSurf's slogan "An Ocean of Possibilities" describes it perfectly. As a group, we get to be creative and experiment with new ways to enjoy the ocean in a way that meets the needs of everyone. I love all the different perspectives that come together. The ocean presents new and exciting challenges every time that we interact with it and that is what keeps us always coming back for more. We all have the potential to do things that we never thought we could accomplish, but sometimes we just need a helping hand. I genuinely believe in the healing ability of the water. The ocean is a gift, and I love sharing that gift with others.

-Patrick Flynn, AccessSurf Volunteer

I love Accessurf because it makes me happy to be on the water and be around all the nice people who participate.

My favorite memory was surfing with uncle Bruce on my 7th birthday and he made sure I caught 7 waves that day!

-Kara Dinius, 13 years old, Long time AccessSurfer

AccessSurf is not just about safely accessing the ocean; it's about bringing the community together and empowering individuals to accomplish/experience things they may not have thought possible! My favorite memory is when I went to the Kualoa DATB and was paired with Paola. She was made aware of my vision loss and truly catered to my needs by making sure I participated in every activity. Instead of being filled with anxiety of clumsily moving around to each activity I found comfort in being safely guided along and had THE BEST time during all of my activities. I really enjoyed SUP as I wasn't sure I would be able to do it with limited vision, but I did and it was AWESOME!

SUPPORT IN MANY DIFFERENT WAYS

"When I think of AccesSurf, I think of community. The people that come together for Day at the Beach have a full heart and a positive outlook on life. The world could learn a lot from this group."

-Trevor H, AccesSurf volunteer and donor
